

Student Council Visioning

What is a vision?

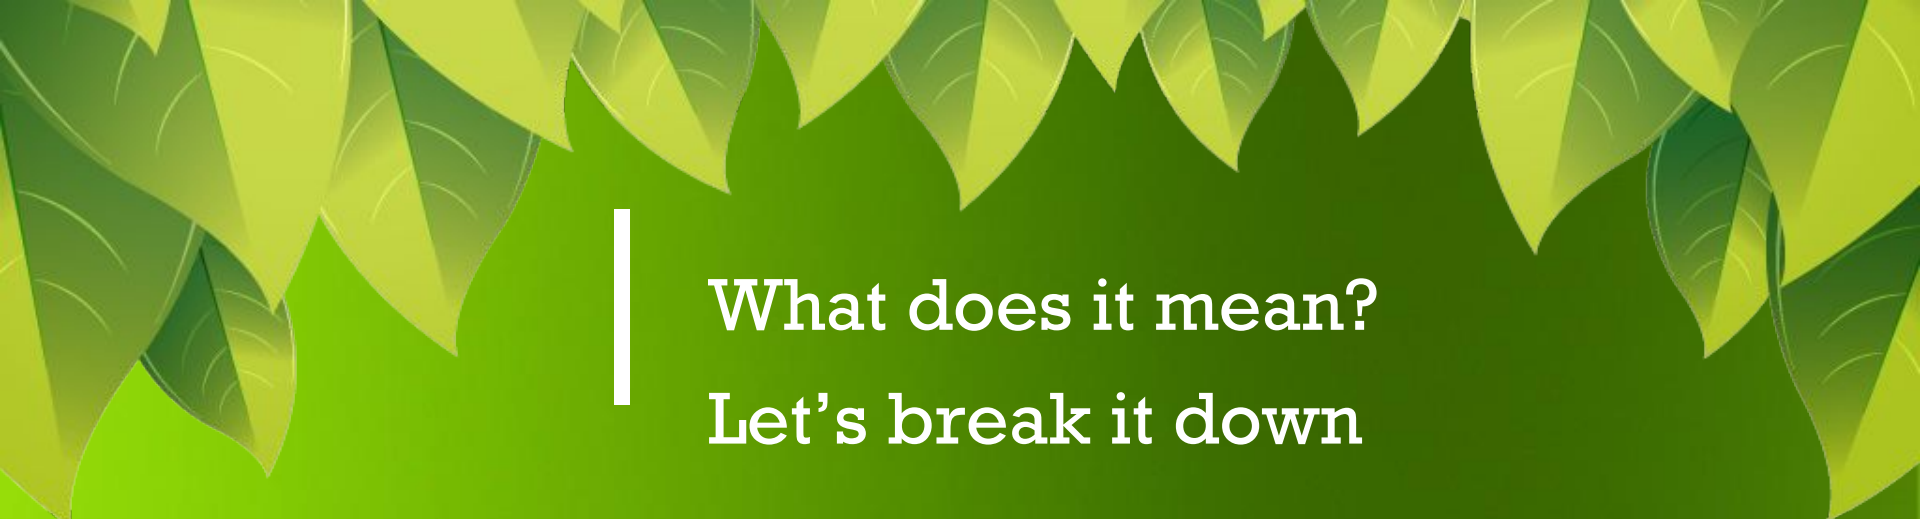

Vision is the ability to think about or plan for the future with imagination and wisdom.

How do you envision the council to be in 5 years time? Let's buzz and share! A quick 3 minutes go!

What is our main vision?

“Courage to lead,
Passion to serve”

What does it mean?
Let's break it down

Courage to lead

Courage is a mindset, it drives growth, it gives a person the capacity to face adversity without succumbing to fear.

Passion to serve

Passion means that you love what are you doing and are willing to put you heart into doing it.

How can YOU help?

Discuss as a group and pen
down some thoughts

You have 10 minutes! Buzz and discuss!

1. How can you help to
improve the council ?
2. What do you think the
Councillors are lacking?
How can you help change
that?

**What is our
Vision?**

What our visions are?

Avner

“A fun environment
where we can
depend on each
other”

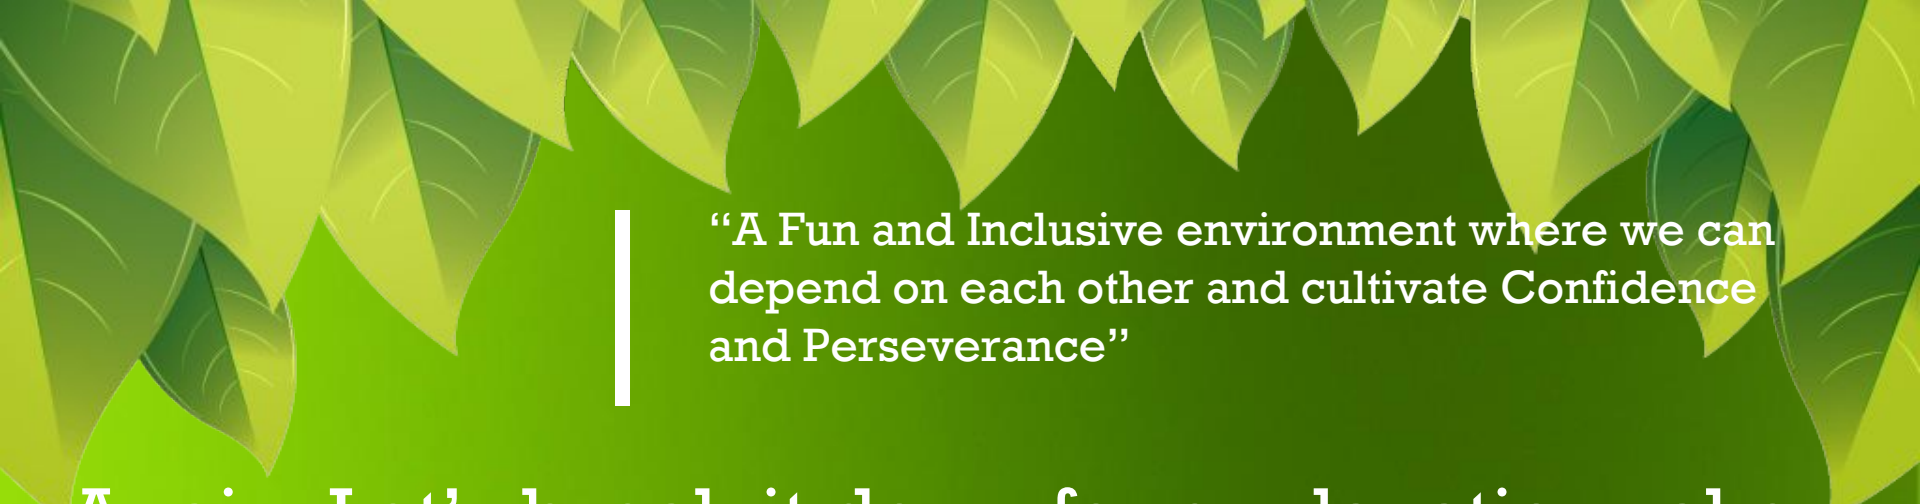

Zin

“Cultivate an
Inclusive
environment”

Zi Xin

“Confidence and
Perseverance”

“A Fun and Inclusive environment where we can depend on each other and cultivate confidence and Perseverance”

“A Fun and Inclusive environment where we can depend on each other and cultivate Confidence and Perseverance”

Again, Let's break it down for explanation sake

Two ways a person will display courage

- When he or she is confident in themselves
- When they know they are safe to fall

What does it mean?

A fun environment will make a person more comfortable and an inclusive environment will make a person feel more secure

And because of the previous two points we can cultivate our Perseverance, because when we are displaying that courage to lead, we must press on.

The image features a decorative border of stylized green leaves in various shades of lime and forest green, framing the central text. The leaves are arranged in a dense, overlapping pattern along the top and bottom edges of the page.

THANK YOU

But don't clap yet hehe

A low-angle, upward-looking photograph of a dense bamboo forest. The bamboo stalks are tall, thin, and light green, creating a strong vertical rhythm. Sunlight filters through the dense canopy of green leaves, creating a bright, dappled light effect. A few darker, thicker tree trunks are visible, providing contrast to the bamboo. The overall mood is serene and natural.
